Attended part of meeting: Suso, Raper of the last Tart, Social Distance, Deviant. 33 (26)

Opening of meeting.

Grand Master Supot opened the meeting and welcomed all at 16:00.

1. Approval of agenda.

The agenda was approved without changes.

2. Hash Economy

a. **Financial Result 2022.** Hash Cash, Sunshine, gave a status report of our economy. We turned over a million peso 2022, of that jeepney costs were >100k. Still the result was only -11k. Last year it was -21.

b. Bank account

Sunshine and Two Snakes have recommended that we transfer P200,000 into a time deposit at PSB for 6 months. We will continue with the same signees as before. After the first 6 months, the committee will decide whether to roll it over or not. Meatless raised some concerns that Sunshine/Two Snakes will check.

c. Hash Fees 2023.

Last year, we also decided that we wouldn't increase run fees until the bank account reached < P250,000. So far that has not happened. It was **decided** that we will not make any decision about our run fees until the account is less than 250,000.

3. The following mismanagement officials were elected:

- a. Grand Master - Supot
- b. Hash Cash – Sunshine
- c. Hon Sec – Vendor Bender
- d. Song Master – Dances with Dogs
- e. Haberdasher – Banka Blower
- f. Trail Master – Kuya Gay
- g. Religious Advisor – vacant
- h. Beer Master - Supot
- i. Webmaster – Floppy Dick

4. Jeepney departing times.

It was decided that jeepneys will leave Premiere at 14:30 the whole year.

5. Motions

a. End the ban of Cinderella.

Kaput

Cinderella was banned more than 10 years ago. That is long enough. I have talked to him and he wants to join AC hash sometimes. After discussions it was **decided** that Cinderella is welcome back if he writes a letter of apology to the hash.

b. Keep the mentionings of next week's activities short.

Kaput

Each week time is spent on telling us there is a wine club on Mondays, rehash Tuesdays, barhop Wednesdays, that there is a Thursday the coming week etc...

It was **decided** that only hash related activities like BEACH, Bushranger or other irregular hash activities should be mentioned.

c. Marking paper & calcimine support

Sauerkraut

I suggest preparing paper and buying powder could be done by people who don't feel like, or can't hare themself.

Supot and Kuya Guy explained that both Boom Boom Moses and H.I.V. normally have shredded paper available and that normal hardware stores have calcimine. An unexperienced hare should talk to the Trail Master.

6. Closing of meeting

The Grand Master Supot thanked all participants and closed the meeting at 16:41 – 41 minutes. (36)

Some decisions from previous AGMs:

AGM 2021:

- It was **decided** that the Jeepney(s) leave Premiere hotel at 14:30 all year around.

AGM 2020:

- *The hare should post an approximate trail distance/distances on the website.*
Motion approved with the add-on that w/o distance on the website the hares does not get a free run.
- *No smoking in the circle – Approved*

AGM 2019:

- *We had two virgin hares this year that were advised repeatedly by the trail master to get a co-hare, but they refused. IMHO, the trails they came up with could have been excellent but had some big rookie mistakes which we all had to suffer. So I suggest a rule that requires all virgin hares to have an EXPERIENCED co-hare.*

After discussions it was decided that Virgin hares should have an experienced co-hare.

- *We have been making great trails for 40 years without using permanent environmentally unfriendly markers. I think we should continue in this tradition and not use plastic or spray paint for markers.*

Paint and plastic trail markers are, in the future, not to be used - Approved.
